Career Objective

Final-year Computer Science and Engineering student at American International University-Bangladesh with strong academic performance and practical experience in full-stack web development, backend engineering, REST API development, relational databases, and software quality assurance. Seeking an internship or entry-level Software Engineer role to contribute to reliable, scalable, and user-focused software solutions.

Educational Background

Bachelor of Science in Computer Science and Engineering

June 2023 – Present

American International University-Bangladesh (AIUB), Dhaka, Bangladesh

Major: Software Engineering | Minor: Information Systems

CGPA: 3.92 / 4.00 | Expected Graduation: April 2027

Technical Skills

Programming Languages:	TypeScript, JavaScript, Java, C++, C#, C, PHP
Frontend Development:	React.js, Next.js, HTML5, CSS3, Tailwind CSS, Responsive Web Design, Reusable Component Development
Backend Development:	Node.js, NestJS, ASP.NET Core MVC, .NET, RESTful API Development, API Integration
Databases:	PostgreSQL, SQL Server, Relational Database Design, SQL Queries
Software Quality Assurance:	Manual Testing, Test Case Design, Test Scenario Development, Functional Testing, Regression Testing, UI Testing, API Testing with Postman
Development Tools & Platforms:	Git, GitHub, Postman, Swagger, VS Code, Visual Studio, Vercel, Figma
Core Concepts:	Object-Oriented Programming, SDLC, STLC, 3-Tier Architecture, REST API Design, Authentication, Debugging

Selected Projects

FindBack	Next.js, React.js, TypeScript, Tailwind CSS
- Built a lost-and-found web application with authentication, item reporting, image upload, category filtering, and responsive UI. - Source: github.com/Sarkar-Shizan/FindBack	
WorkConnect	Next.js, React.js, NestJS, Node.js, TypeScript, PostgreSQL
- Developed an all-in-one home and business service platform where customers can explore services, select user roles, and connect with service providers for painting, shifting, plumbing, cleaning, repairs, and other tasks. - Source: github.com/Sarkar-Shizan/WorkConnect	
HNMS—Health Navigation Management System	HTML, CSS, JavaScript, PHP, phpMyAdmin
- Developed a healthcare management platform for patients, hospitals, pharmacies, appointments, diagnostics, medicine workflows, and admin management. - Source: github.com/Sarkar-Shizan/HNMS	

Publications

- HazBin: IoT-Based Smart Bin for Safe and Sustainable Waste Management** PECCII 2026
Presented at the International Conference on Power, Electronics, Communications, Computing and Intelligent Infrastructure, organized by Pabna University of Science and Technology, June 17–18, 2026.

Certifications

- The Complete Full-Stack Web Development Bootcamp** – Udemy, Dr. Angela Yu, 2026
- Certificate of Presentation – PECCII 2026** – Pabna University of Science and Technology, 2026
- IT Essentials: PC Hardware and Software** – Cisco Networking Academy, 2023

Achievements

- Dean's List Honors**, American International University-Bangladesh – achieved across 5 semesters with SGPA range of 3.90–4.00.
- Academic Scholarship**, American International University-Bangladesh – awarded for academic excellence.
